For this purpose fragments of boards and a wire will approach After the shelter is ready, you can start providing yourself with food, breaking a small garden and vegetable garden.. In the water floats a variety of debris that tourists leave after themselves And this fact will certainly play into your hands.. He will allow the winner to emerge from various woes and unexpected twists of fate.. Catch and consider everything that can be hooked, something can come in handy Despite the fact that the conditions for existence are not favorable, and at times very severe and aggressive, it is necessary to try to build shelter from the found waste.. The developers of the studio Raft created the project with the same name, in which you will have to experience all the hardships that have fallen to a man who was wrecked in the boundless ocean waters.
